

**Trustwave Log Management Appliances - Supported Devices (December 2013)**

| Vendor Name          | Device / Application Name                  | Class Name      | Acquisition Method |
|----------------------|--|-----------------|--------------------|
| 1 3COM               | 3COM Switch                                | network         | syslog             |
| 2 A10 Networks       | A10 Networks AX Series                     | Undefined       | syslog             |
| 3 A10 Networks       | A10 Networks EX Series                     | Undefined       | syslog             |
| 4 A2A                | A2A smsBanking                             | Undefined       | dbreader           |
| 5 ACI - Worldwide    | ACI Worldwide BASE24                       | Undefined       | flatfile           |
| 6 ADTRAN Inc.        | ADTRAN OS                                  | Undefined       | syslog             |
| 7 AI Corporation     | RiskNET                                    | Undefined       | dbreader           |
| 8 AirDefense         | AirDefense Enterprise                      | policy          | syslog             |
| 9 Akamai             | Akamai Kona                                | Undefined       | flatfile           |
| 10 Alcatel-Lucent    | Alcatel-Lucent Brick                       | policy          | flatfile           |
| 11 Apache Foundation | Apache HTTP Server                         | server          | syslog             |
| 12 Apple             | Apple Mac OS X                             | server, desktop | syslog             |
| 13 ApplianSys        | ApplianSys CACHEBOX                        | Undefined       | syslog             |
| 14 ARPDefender       | ARPDefender LAN Intrusion Detection System | Undefined       | syslog             |
| 15 Aruba             | Aruba Mobility Controller                  | Undefined       | syslog             |
| 16 Aruba             | Aruba Wireless Switch                      | network         | syslog             |
| 17 Avaya             | Avaya Secure Router                        | Undefined       | syslog             |
| 18 Avaya             | Avaya WLAN                                 | Undefined       | syslog             |
| 19 Barracuda         | Barracuda Spam and Virus Firewall          | Undefined       | syslog             |
| 20 Barracuda         | Barracuda SSL VPN                          | Undefined       | syslog             |
| 21 Barracuda         | Barracuda Web Filter                       | policy          | syslog             |
| 22 Barracuda         | Barracuda Web Firewall                     | policy          | syslog             |
| 23 BeyondTrust       | BeyondTrust PowerBroker Server             | Undefined       | syslog             |
| 24 Bit9              | Bit9 Parity                                | Undefined       | syslog             |
| 25 Bitvise           | Bitvise WinSSHD                            | Undefined       | flatfile           |
| 26 BlackBerry        | BlackBerry Enterprise Server               | Undefined       | syslog             |
| 27 BlackBerry        | BlackBerry Enterprise Server - Flatfile    | Undefined       | flatfile           |
| 28 Blue Coat Systems | Blue Coat ProxySG - W3C                    | policy          | w3c                |
| 29 Blue Coat Systems | Blue Coat ProxySG Event Log - Syslog       | policy          | syslog             |
| 30 Bradford Networks | Bradford Networks Campus Manager           | policy          | syslog             |
